PAPER & PRESS
MISSOULA, MONTANA
EST. 2008

About Us

In 2008, Noteworthy® Paper & Press opened as a retail stationery and letterpress print shop in the beautiful mountain town of Missoula, Montana and has been proudly woman-owned since the beginning.

As our experience on the retail and printing front grew, we were inspired to create our own card line. What began with just a handful of card designs, has grown into a comprehensive collection of over 800 products. Our line features over 250 greeting cards and a variety of unique gift and stationery items, including our signature letterpressed and die cut postcards— all inspired by nature and this beautiful place we call home.

Our mission is to share our love of artisan paper goods and gifts in our retail store and through our wholesale line. Over the years, we've come to see the incredible power of small businesses, and artisan businesses in particular, to capture the hearts of customers locally, across America and beyond. We believe deeply in promoting creativity in ourselves and others, in sustainability and style in everyday objects, a positive workplace, and a happy, healthy planet. We truly thank you for your support and look forward to watching our businesses grow together!
