WELLNESS BEYOND FOOD

Tall Tails supports the foundation of a healthy & active lifestyle with your pet. Whether they're sleeping, playing, or exploring, Tall Tails helps dogs be the best versions of themselves. From the comforts of home to the neighborhood trail, Tall Tails is part of the adventure.

WE BABY YOUR PET

Founded in 1933, our company started manufacturing newborn bedding and apparel.

We have been privileged over our 88 year history to have the trust of millions of parents and families bringing our products into their homes. Always having a passion for our pets, in 2013 we created a line of pet products under the same formula we had for baby: build trust; a commitment to quality; give back to the community; and exceptional customer service. As it turned out this was exactly what pet parents were in search of.

LONG LASTING CHEWS

Strong enough to provide hours of chewing and soft enough not to splinter.

Made from a proprietary formula of natural cellulose and nylon material.

Apply a favorite treat or spreadable and happily entertain your dog for hours.
